

Dickinson Ranch 48th Production Sale

Saturday, March 16, 2019 • 1:00 p.m.

at the ranch • Gorham, Kansas

Selling: 100 Bulls 25 Reg. Yearling Heifers
Simmental • SimAngus™ • Angus • Red Angus

14 year old

First calf heifer.

12 year old

All our females are required to graze on stockpiled grass with limited protein supplement through the winter. And raise a good calf.

- The sale bulls and females are out of cows like these, born unassisted and unattended on the range.
- Cattle that are required to calve unassisted and get up and suck with vigor.
- Cattle that will grade on the rail. Steer mates last 2 years have graded 97% and 96% choice.
- Females will hold their flesh on limited resources with no hay or processed grain.
- Genetics will keep you in business by allowing you to retain the heifers that will improve the efficiency of your herd in future years and lowering your feed bill, and by selling good looking cattle at weaning or by selling them on a grid on the rail as fat cattle.
